Jefferson Transit Authority

Vanpool Pricing Policy

Adopted: August 18, 2015
Amended: October 15, 2024

PURPOSE

The purpose of this policy is to establish a flat rate fee for the Jefferson Transit Authority (JTA) Vanpool Program. This policy aligns with Jefferson Transit’s mission to deliver cost-effective services while reducing vehicle miles traveled both within and outside of Jefferson County.

COMPLIANCE

This pricing policy complies with all state and insurance regulations. JTA staff will review this policy each biennium and make necessary revisions to maintain compliance.

SCOPE

The pricing structure outlined below will apply to all Vanpools operated by Jefferson Transit beginning October 15, 2024.

1. Vanpool participants will be charged a monthly fare based on their daily round trip miles.
2. Riders will be charged the lower fare between the monthly fee and the daily rates. To determine the lower price, the total daily charge will be calculated by multiplying the daily trip fare of \$10 by the number of days used in that month. This total will then be compared to the monthly fare based on the appropriate daily round-trip mileage. The rider will be billed the lesser of these two amounts.
3. Zero fare for eligible youth riders 18 years or younger.
4. Administrative fees will be charged if vanpool groups use a debit/credit card.
