

# Jefferson Transit Service Planning Proposal

# Service Planning Began July 2016

Goal - to identify ways of improving transportation options for Jefferson County residents and visitors. Conducting a series of surveys to assess the transportation needs of the community, define future goals for transit, and evaluate our service models based on the feedback.

The survey was offered for five months and was available on-line, on buses, at JT offices and JT distributed approximately 1000 paper surveys throughout the community and at community events; Jefferson County Fair, Wooden Boat Festival, and Veterans Stand Down.

One key take-aways from the survey was respondents reported they were most likely to travel between 9:00 am to 7:00 pm on Monday, Wednesday, and Friday

## Service Priority 2018

Continue to partner with the City of Port Townsend in working together to maintain on-time transit service during the the “Water Street Enhancement Project”
